製品名：リバーロキサバン

製品番号	SAP-004	化学名	リバーロキサバン		
構造式	<p>The chemical structure of Rivaroxaban is shown. It consists of a 2,4,6-trifluorophenyl ring connected via a propyl chain to a chiral center. This chiral center has a dashed bond to an amino group (NH₂) and a solid bond to a propyl chain. The propyl chain is attached to a carbonyl group (C=O), which is further connected to a piperazine ring. The piperazine ring is linked to a pyrazole ring, which has a trifluoromethyl group (-CF₃) attached to it. Below the main structure, the chemical formula H₃PO₄ and H₂O are indicated, representing the phosphate salt form.</p>	英文名	Rivaroxaban
